and skilling opportunities through small town revitalisation and the establishment of an agricultural college through which communities will be empowered to learn about the economic, industrial and medicinal benefits of Cannabis.

In his speech, Premier outlined six (6) key priorities aligned with the Medium-Term Development Plan that will be implemented across the Province.

These priorities include:

- Putting the people of the Eastern Cape to work;
- Building our industries for an inclusive economy;
- Tackling High Cost of Living
- Investing in our people
- Defending democracy and advancing freedom
- Building a better Africa and the world

The economic spin offs in the district saw a number of B&Bs, Lodges, local businesses and hawkers directly benefiting during their stay particularly Ntabankulu local Municipality as the host. Executive Mayor of Alfred Nzo District Municipality, Cllr. Vukile Mhlembana applauded the visit and said, 'this initiative will bear fruits of service delivery to the communities of Alfred Nzo'. The constant visits of the 7th Administration will strengthen the implementation of District Development Model (DDM) in line with the municipal Integrated Development Plans (IDPs), he alluded.

Alfred Nzo District Municipality had an opportunity of welcoming several dignitaries during the official opening of the 7th Provincial Legislature sitting held in Ntabankulu Local Municipality, including Executive Mayors, Mayors, Council Speakers, Municipal Managers, Business Fraternity, NGOs that converged in Ntabankulu Multi-Purpose Centre.

Addressing the House, Premier of the Eastern Cape, Hon. Lubabalo Oscar Mabuyane said that "in this administration we will ensure that we reach out to those most far-flung disadvantaged areas to improve service delivery and change people's lives". He further said that Ntabankulu is the smallest municipality in the district with high rates of unemployment but government is in process of creating employment

ANDM PROVIDES WATER TANKS AS ONE OF IMPLEMENTATIONS OF SHORT TERM INTERVENTIONS

Alfred Nzo District Municipality Executive Mayor Cllr. Vukile Mhlembana revisited Ward 29, Bulala Village in the Winnie Madikizela-Mandela Local Municipality to address the water challenges that were raised during his engagement with this community before the 2024 National General Elections.

The Executive Mayor presented plans that are in place to address the issues and also gave a progress report on the implementation of short term intervention that the Municipality promised to do.

ANDM provided the village of Ntunjani, Zikhuba, Zwelethu villages with filled water tanks as requested by the community. One of the causes of water challenges is mainly infrastructure vandalism, which has caused serious disruption in water supply. The Municipality has fixed a vandalised Borehole twice in Ntunjani village.

The Executive Mayor urged Ward Councillors and Traditional leaders to work hand-in-hand and convene community engagements and public education programmes regarding vandalism of existing infrastructure.

“As the Municipality, we are aware that we are not doing well in the issue of water but we are also aware that some of the challenges that we face are caused by the community members who vandalise existing infrastructure, we urge all community members to take care of the existing infrastructure so it can be easy for us to intervene when there is a problem because we won’t start from scratch”, said Cllr. Mhlembana.

The community applauded and appreciated this initiative stating that, although not the ultimate solution, it has brought some change and assistance to the community and is in line with the “Batho Pele

Principles”.

Mr Mtoto Mthwana who is a community member said: “We really appreciate these kind of platforms because we always complain that government only comes to us during Election period, but the Executive Mayor showed us that he prioritises the needs of the community, we also applaud the provision of these water tanks and we request the Municipality to continue filling the tanks until the implementation of long term intervention”.

The long term intervention that is

in place to address the water issues in this Ward is as follows: Ward 29 will be served through the Nomlacu Water Treatment Plant which is currently being upgraded to 20ML/day by Umngeni uThukela water. ANDM has also appointed a professional service provider to do reticulation designs that will cover the entire ward and the project is at design stage of the project life cycle.

Alfred Nzo District Municipality is working tirelessly finding strategies to address the water challenges across the District.

EASTERN CAPE SEABOARD STAKEHOLDER ENGAGEMENT SESSION

Attendees of Eastern Cape Seaboard engagement

COGTA Minister Mr Velenkosini Hlabisa interviewed by the media

The Eastern Cape Premier Oscar Mabuyana and KwazuluNatal Premier Thami Ntuli met with the Minister of Cooperative Governance and Traditional Affairs (CoGTA), Velenkosini Hlabisa as his department led the delegation to attend Eastern Seaboard Development Political Engagement. This stakeholder engagement includes Traditional Leaders; MECs, Mayors as well as Councillors of the 4 districts: Alfred Nzo District Municipality, Ugu, Harry Gwala, O.R Tambo District Municipality and was organised in Wild Coast Sun in Winnie Madikizela Mandela Local Municipality under Alfred Nzo District Municipality. The Eastern Seaboard Regional Development was declared in this region on

20 June 2022 in terms of Section 19 of SPLUMA (Act no. 16 of 2013) and has also been identified as a strategic area ready for investment (IPCC; NSDP, 2030). The region covers an area spanning the southern coastline of the KwaZulu-Natal and northern part of the Eastern Cape Provinces and spans across four (4) Districts and seventeen (17) Local Municipalities. The Regional Spatial Development Framework has been developed and catalytic projects across the 4 districts have been identified. The Ministerial engagement reviewed progress to date and agree on plans going forward in the implementation of the Eastern Seaboard programme. The meeting also fortify traditional leadership participation in the next steps of the

implementation phase of the programme, which include buy-in, stakeholder engagement and the awareness-raising of the project to all role players. The Eastern Seaboard Development is a flagship project facilitated through the District Development Model (DDM) and provides an opportunity to drive spatially referenced transformation through the integration of urban and rural development as well as targeted rural revitalization. The vision for the Eastern Seaboard Development is to leverage the tapped opportunities presented between KwaZulu-Natal and Eastern Cape coastline to stimulate change to its spatial economy to improve livelihoods of all communities in the Region, in a way that is responsive, inclusive, smart and sustainable.

ANDM HAS RESPONSIBILITY TO PROVIDE CREDIBLE WATER TO COMMUNITIES REGARDLESS OF WHERE THEY LIVE

In a quest to promote sustainable decision and ensuring access to community empowerment, Alfred Nzo District Municipality Executive Mayor Cllr. Vukile Mhlembana, accompanied by Mayor of Matatiele Local Municipality Cllr. Sonwabile Mngenela, Portfolio Head for Water Services Provision Cllr. Nathi Nqoko and Members of the Executive, engaged communities of Ward 14 Thaba-chicha village in the Matatiele Local Municipality.

The engagement comes after the Executive Mayor promised to come back to the Ward during the handover of Information Communication Technology (ICT) in the ward, where communities had direct interactions with government and raised a number of issues in relation to service delivery. Amongst the issues raised includes leaking of reservoirs, unavailability of water supply, bad state of access roads, and unavailability of RDP houses within the ward, high rate of crime, high consumption of substance abuse and skills development for young people. The Executive Mayor said: "Alfred Nzo District Municipality is a Water Service Provider and has huge responsibility to provide credible water to communities regardless of where they live. The municipality will continue with nature of these engagements directly with its community members and provide short term interventions where there is a need whilst long term plans are still on continuity".

A plan to deal with the challenges was presented by Infrastructure Development & Municipal Services (IDMS) within the Alfred Nzo District Municipality such as fixing and cleaning of reservoirs, installing of taps.

TRADITIONAL LEADERS A KEY STAKEHOLDER IN DEVELOPMENTAL PROGRAMMES THAT IMPROVE THE DAILY LIVES OF COMMUNITY

Speaker of Council, Cllr. Sixolile Mehlomakhulu, conducted a consultative workshop for Local Traditional Authority on District Development Model (DDM). The workshop intended to equip, strengthen and build strong working relations between Traditional Authority on government developmental programmes within the district as they are also representatives that form part on the District Council Sitting.

In the welcoming remarks, Executive Mayor Cllr. Vukile Mhlembana said: "Traditional Leaders are the key stakeholder in the developmental programmes that improve the daily lives of community members of Alfred Nzo District and their involvement in such initiatives will bring much needed clarity on what government is planning to implement on the land as they are custodians".

"One of the patterns identified is working in silos" as a challenge which led to lack of coherence in planning and implementation and has made monitoring and oversight of government's programme difficult." said Mhlembana. "The DDM also seek to coordinate a government response to challenges of poverty, unemployment and inequality particularly amongst women, youth and people living with disabilities". He added.

Meanwhile the Speaker emphasised the importance of the District Development Model because it has been noted that non-optimal delivery of services and diminished impact on the triple challenges of poverty, inequality and employment. The model is a practical Intergovernmental Relations (IGR) mechanism to enable all three spheres of government to work together, with communities and stakeholders, to plan, budget and implement in unison.

ALFRED NZO HOSTS DISASTER RISK MANAGEMENT AWARENESS

Alfred Nzo District Municipality held a Disaster Risk Management Awareness Campaign at Nophoyi Thusong Centre in Umzimvubu Local Municipality. The

purpose of the campaign was to educate people about the dangers of disasters, how to prepare for disasters, how to reduce the effect of disasters and how to predict and prevent disasters where possible. Various government

departments such as SASSA, Human Settlements, NPOs, Umzimvubu Prevention and Early Intervention Program (PEIP) were part of this engagement and they shared information about services they offer to the community.
