BACKGROUND AND OVERVIEW OF THE PROJECT

1.1 INTRODUCTION

The Directorate of Municipal Manager – Water Services Authority in Alfred Nzo District Municipality (ANDM) is facilitating the plant process audit for Mount Ayliff and Mount Frere WTW. Municipal Systems Act 32 of 2000 emphasizes on the role of the municipality to provide clean and safe environment that will promote sustainable development.

1.2 OVERALL AND SPECIFIC OBJECTIVES OF THE PROJECT

1.2.1 Overall objective

The objective of this project is to develop a process plant audit for Mount Ayliff and Mount Frere WTW. The audit is in line with the Integrated Development Plan document and is based on the process as required by the Municipal Systems Act, No 32 of 2000, National Water Act, No 36 of 1998, and other relevant legislation and guidelines such as blue drop which is the South African Drinking Water Quality Incentive- based Regulation.

1.2.2 Specific Objectives

The main objectives of the plan are:

- To ensure safe drinking water through good water supply practices from catchments area to consumer at ANDM.
- To ensure good water supply practices will also assist ANDM to reach the following:
 - To prevent contamination of water sources

- To treat water or to reduce or remove contamination that could be present

2. SCOPE & EXTENT OF WORK

Quotations are invited from suitably qualified professional service providers to prepare and submit proposals to undertake the following:

- Plant performance assessment.
- Detailed design assessment.
- Operational assessment.
- Administration assessment.
- Priority of performance limits factors-guidelines.
- Implementation plan.

3. PROJECT CONTRACT PERIOD

The project contract period is 3 months from the date of appointment of the service provider.

4. KEY OUTPUTS/PROJECT MILESTONES/DELIVERABLES

- Hazard identification report
- Risk assessment report
- Monthly progress reports submitted and presented at ANDM (WSA) team meetings
- Close out report with appropriate recommendations
- Implementation Plan

5. STAKEHOLDERS CONSULTATION

Through consultation between the appointed service provider and the Alfred Nzo District Municipality, the service provider will provide scientific guidance, while the municipality of Alfred Nzo will be responsible for undertaking the stakeholder consultations where necessary. This therefore means that ANDM will be responsible for the establishment of the Project Steering Committee, whilst the appointed service provider will be responsible for the project deliverables and also engagement and up skilling of the Project Steering Committee.

5. PROJECT MANAGEMENT

In cases where the appointed service provider appoints the services of other consultants or sub-contractors, the appointed service provider will take responsibility of the work of the sub-contractors. The client will deal with the contracted service provider and not with sub-contracted consultants. The project is to be coordinated and managed by Water Services Authority team led by Water Quality Technologist of Alfred Nzo District Municipality.

A Project Manager of ANDM with relevant officials will oversee project implementation to its conclusion. The ongoing plans and progress reports from the service provider will have to be submitted to the Project Manager where a process of verification will take place prior to the delivery and approval of invoices submitted by the service provider.

7. REPORTING MECHANISM

It is expected that regular progress reports will be submitted to ANDM and further presented to the PSC upon completion of each project milestone on a monthly basis. The Project Manager has the right to change the frequency of reporting as and when necessary.

8. SUBMISSION OF BIDS

Proposals must be placed in a sealed envelope and clearly marked: "Project proposal –Mt Frere and Mt Ayliff WTW Plant Audit" and placed in the tender box in the Alfred Nzo District Municipality not later than 10H00 12h00 on the _____.

Bidders are requested to ensure that their proposals include; Company Registration, a Tax Clearance Certificate/pin and BBBEE Certificate/affidavit.

9. EVALUATION CRITERIA

Evaluation criteria of the quotations;

The quotations will be evaluated in two stages, namely:

- Stage 1- Functionality
- Stage 2- Price and BBBEE Points

Only Bidders who score 70% or more on stage 1 would be evaluated further and therefore eligible for the award.

ITEM	Weight
STAGE 1 OF EVALUATION – FUNCTIONALITY	100
• Previous Experience	20
• Capacity and Expertise	40
• Methodology	40
STAGE 2 OF EVALUATION – PRICE & PREFERENTIAL POINTS	100
BBBEE POINTS	20

Price	80
--------------	-----------

Previous Company Experience	Weighting
[Note: The scoring in this section is not cumulative]	
Traceable record for successful completion of 03 or more water treatment process audits.	20
Traceable record for successful completion of 02 water treatment process audits	15
Traceable record for successful completion of 01 water treatment process audit.	10

Capacity and Expertise to Undertake the Project	Weighting
Note: The scoring in this section is preferably cumulative, unless justifiable to the Specification Committee	[40]
A Project Team with the following areas of expertise:	[40]
